

## THREE TEAMS TIED FOR FIRST HONORS IN TRACK EVENTS

Salem, East Palestine and  
Columbiana Each Make  
31 Points.

## LISBON TEAM SETS NEW RELAY RECORD

Columbiana Athlete Wins  
Individual Honors In  
County Meet.

Salem, East Palestine and Colum-  
biana High schools with 31 points  
each tied for first place in the 19th  
annual track and field meet Saturday  
at Lisbon fair grounds.

The other schools finished in this  
order: Wellsville, 28 points; Lisbon,  
19 1/2 points; East Liverpool, 4 points;  
Leconia, 1 1/2 point.

Never were three teams so evenly  
matched and never did enthusiasm  
rise so high as was displayed Sat-  
urday in the mile relay, the deciding  
race of the meet.

When the relay race started Salem  
had 30 points, East Palestine had 29  
points and Columbiana was leading  
with 31 points. A victory in the re-  
lay for either one of the three teams  
meant the winning of the meet.

East Palestine finished third and  
Salem added one point by taking  
fourth place, making the meet a tri-  
angular tie.

Lisbon in winning the relay broke  
the county record by 1-5 of a second.  
Hawkins of Columbiana High  
school won individual honors by tak-  
ing first place in high jump, pole  
vault, broad jump and by placing in  
the shot put.

Salem took three first places.  
Roessler won the javelin throw,  
Woods captured the 440-yard dash  
and Alexander led the field in the dis-  
cus throw.

The meet ended about 6 p. m. and  
the largest crowd in the history of  
county meets remained until the last  
as the excitement was intense when  
Alexander put Salem in the running  
with first place in the discus throw.

The 220-yard dash proved one of  
the thrillers of the meet. The finish  
was so close that the judges had dif-  
ficulty in picking the winners as the  
three first men broke the tape at al-  
most the same moment. Gorsuch of  
Lisbon, Woods of Salem and Laber  
of East Palestine finished one, two,

## Protests Against Morning Program On Memorial Day

"To Memorial Day Committee."  
"Memorial day—that sacred day,  
made a legal holiday by the govern-  
ment of the United States, so that  
every citizen would have one day on  
the year in which to pay tribute and  
reverence to the men who died to  
save our country."

"If your proposed change of sched-  
ule in observing Memorial day is  
carried out, what will we all do in  
the afternoon? Play baseball, golf,  
tennis, go swimming, picnicking, etc.,  
after having a 'hurry-up' Memorial  
service in the morning."

"Will this change increase our pa-  
triotism? NO. As our country's well-  
fare depends on the boys and girls of  
today, as well as the generations yet  
unborn, the observance and purposes  
of Memorial day cannot be too deeply  
impressed upon all."

## PASTOR PREACHES AGAINST FLATTERY OF HYPOCRITES

Following his excellent Mother's day sermon Sunday morning,  
Rev. H. L. Miller delivered a powerful sermon at the Christian  
church in the evening, taking as his text, "Faithful are the wounds  
of a friend, but the kisses of an enemy are deceitful."

The pastor argued that all of us are so constituted that we like  
to hear complimentary remarks but when our faults or weaknesses are  
pointed out by somebody who may have our actual welfare at heart we  
are quite often irritated.

"We sometimes turn from true friends," said the pastor, "and  
succumb to the flattery of hypocrites. The church is your friend  
because it tells you your faults and I hope that it will continue to  
preach a gospel that will do away with insipidness and froth and fear-  
lessly point out faults that we may become a stronger and sturdier  
race who can stand for principles and quality of character."

## FARM DUTIES DEMANDED BY SENATE BLOC

Tariff Will Eliminate Sale  
Of Cheap Foreign Pro-  
ducts, Says Bloc.

Washington, May 15.—The farmer  
came into his own in the senate to-  
day when the "Republican tariff bloc"  
swung into action on behalf of favor-  
able farm duties in the new perma-  
nent tariff bill.

A long series of amendments to the  
house tariff bill, numbering several  
hundred in all, are backed by the  
"bloc" as tariff legislation necessary  
for putting the farmer "on his feet."  
In the "bloc's" program are high  
protective duties on grains, cattle,  
cotton, fruits, vegetables and their  
derivatives.

Led by Sen. Gooding, Republican of  
Idaho, members of the "bloc" were  
confident today they would command  
sufficient votes to insure passage of  
all tariffs which they had endorsed.

The "tariff bloc's" fight on behalf of  
the farmer will be directed by Good-  
ing and Sen. Ladd, Republican of  
North Dakota.

Gooding declared that the farmer  
would be "more protected than ever  
before in history" by enactment of  
the bloc's tariffs.

"The duties which the tariff bloc  
has recommended were decided  
upon only after careful study of the  
farmers' problems," said Gooding.

"The American farmer, in many  
instances, has been forced to compete  
with cheap foreign labor at a time  
when his own crops were selling for  
scarcely more than cost and in some  
instances, such as cotton, even below  
cost."

The bloc's tariffs will eliminate  
the source of worry to the farmer—  
the sale of cheaper foreign farm  
products within our own borders.

## TRAIN JUMPS TRACKS, NONE SERIOUSLY HURT

engers miraculously escaped serious  
injury when Big Four passenger train  
No. 39 southbound from St. Joseph,  
Mich., to Indianapolis, this morning  
struck a broken rail in the north  
part of Warsaw, throwing the loco-  
motive and three coaches into the ditch.

The cars turned upon their sides.  
The train was running 25 miles an  
hour, but none of the passengers re-  
ceived hurt more serious than bruises.

## SHOW YOUR LOVE FOR MOTHER NOW, SPEAKER PLEADS

Mrs. Harmon Of Columbiana  
Gives Fine Mothers'  
Day Address.

## PROGRAM PRESENTED IN LEGION QUARTERS

Musical Selections Given  
By Christian Choir  
Appreciated.

"Let's write our letters now, let's  
tell our mothers now that we do care  
and appreciate their sacrifices and  
devotion," said Mrs. L. E. Harmon of  
Columbiana as she addressed an ap-  
preciative audience at the Charles  
H. Carey post headquarters Sunday  
afternoon, at a Mother's day meeting  
arranged by the members of the  
post and women's auxiliary to pay  
homage to their mothers, both living  
and departed.

"Let's not wait until it is too late  
to show our mothers that we really  
do love and appreciate them," con-  
tinued Mrs. Harmon. "If there is any-  
thing more pathetic in the world than  
an unloved babe, it is the case of an  
unloved mother."

"Let us write to her now, once a  
week at the least, let us give her  
flowers now rather than piling the  
mound of her grave high and above  
all, let us show her how much we  
love her, for little do we know how  
near the cords of her life may be to  
snapping."

Mrs. Harmon is affectionately re-  
garded by members of the American  
Legion and all other ex-service men  
for her hearty support in relief work  
during the war and her interest in  
their welfare since their release from  
service.

Richard Hutcheson presided at this  
meeting. Rev. H. L. Miller, com-  
mander, and Rev. H. L. Harmon, chap-  
lain, having the invocation and ben-  
ediction.

J. Lensee, director of the Chris-  
tian church choir, directed the chorus  
singing, with Miss Doris Wisner as  
accompanist. Miss Gertrude Mellett,  
soprano, sang "Little Mother O'  
Mine," accompanied by Miss Phoebe  
Nichols at the piano. A quartet com-  
posed of Miss Gertrude Mellett, Mrs.  
James Briggs, Mrs. Cora Schwartz  
and Miss Phoebe Nichols sang a  
Mother's day selection.

The greater are our responsibilities  
as we learn to master these forces,  
Judge Riddle continued. God could  
have bestowed that power on man  
but he chose to let man work out  
such problems for his own benefit, the  
speaker said.

We should not be too paternalistic,  
but should point to the possibilities  
for development and let each indi-  
vidual work them out, for men and  
women are happier when they are  
achieving and doing some service for  
others, Judge Riddle declared.

John Connors and D. W. Davis, Sa-  
lem members of the arbitration board  
selected by Judge Moore of Lisbon  
in an effort to arbitrate the differ-  
ences between the Steubenville, East  
Liverpool and Beaver Valley Trac-

sulted in halting street car service in East  
Liverpool, left Monday morning to at-

Cyclone strikes town  
Waco, Texas, May 15.—A miniature  
cyclone struck Downsview eight miles  
south of here, early today. The

## Yeggs Crack Safe, Escape With \$25,000

Gang Spends Several Hours  
In Cincinnati Store,  
Bind Watchman.

Cincinnati, May 15.—Six expert  
crackmen, working slowly and  
methodically, spent six hours in the  
H. & S. Pogue company's store, one  
of the most exclusive department  
stores in Ohio, Sunday night, bound  
and gagged two aged watchmen, blew  
two "buggy proof" safes and escaped  
with \$25,000 in cash.

The robbery was discovered at 1  
o'clock this morning when Patrick  
Collins, one of the watchmen who had  
been bound to a chair with picture  
wire, reached a telephone and called  
the police.

Police found more than \$8600 in  
small change scattered on the floor  
of the offices in which the safes were  
looted. The watchmen told them  
that eight explosions of nitro-glycerine  
had been necessary to open the  
safes.

## Rev. Harman Will Assume Role Of Noted Capt. Kidd

Rev. J. P. Harman, pastor of Holy  
Trinity Lutheran church, will take  
the part of Captain Kidd in the mu-  
sical comedy, "All Aboard," to be  
presented at the Grand opera house  
Monday and Tuesday nights May 22  
and 23 by the American Legion.

The scenes of this comedy are on  
board the S. S. Florida, which is  
bound for Pleasure Bay. Everything  
goes smoothly until poor Billy Brady,  
college football star loses his set of  
false teeth. From that time on many  
stony scenes are witnessed and not  
a dull moment is evidenced. Matters  
are explained at the last minute and  
all ends well.

## Labor Makes Nation Great, Riddle Says

Judge Tells Rotary Club  
Of Possibilities In  
Earth's Heat.

"If any one thing has made the  
United States great, it is the labor of  
its men and women. It cannot con-  
tinue to progress and maintain its  
place as the greatest nation in the  
world if its people make the pursuit  
of happiness their goal."

With this thought, Probate Judge  
Lodge Riddle of Lisbon closed an en-  
lightening address on "Our Respon-  
sibilities" before the Rotary club  
Monday noon at the Elks home. He  
was introduced by C. H. Coburn,  
chairman of the entertainment com-  
mittee.

Judge Riddle emphasized the pos-  
sibilities for harnessing the dynamic  
forces of the earth and directing  
them to the service of mankind in-  
stead of being sources of danger  
and as he thus developed the thought  
of increasing responsibilities with the  
progress of the world he was listened  
to intently.

Dire necessity has forced civiliza-  
tion to work to invent and to achieve  
to an extent that no one could con-  
ceive centuries ago, he said, but the  
surface has simply been scratched in  
utilizing our natural resources. He  
reviewed accomplishments resulting  
from the use of the heat and power  
in the earth stoked by nature  
and declared that it is not impossible  
that they be harnessed and trans-  
mitted by wireless to man's uses.

## The President's Privacy

THERE should be no further delay on the part of congress in providing protection for the president of the United States in his home—the White House—against that modern abuse known as picketing. This was introduced in the time of his predecessor and badly was stolen by collection plate suffragettes from the Pankhurst band of wild women in London. Mr. Wilson's patient toleration of these professional sandwich women did much to lull the natural anger of the people, shocked by this performance. At that time congress should have had the common sense to preserve the privacy of the chief executive. But it failed to do so.

Since then these pests have become numerous as well as nuisances, and it has become a favorite threat of propagandists and sensation mongers to establish a picket line about the official residence unless their demands are met. The latest exhibition of this character was the dragging into the grounds of a number of unhappy little children whose parents are in prison for disloyalty during the war, for the purpose of influencing the president to pardon them out of hand. Like Mr. Wilson, the incumbent has dealt gently with these annoying persons.

The fact must not be overlooked that these actions constitute menacing threats, and are in fact, coarse and repulsive in comparison with the orderly processes of government which are free to be employed by all and sundry. Nor is the office of the president to initiate a reform in this direction. That duty, it seems, falls within the province of the legislative arm of government which, forthwith, should make the proper provision against a repetition of these tiresome and insolent exhibitions to the end that the first citizen of the republic may enjoy peace and quiet in his own home.

## Character And Art

ONE notorious young female has been barred from the screen by the organized moving picture producers of America. It is a good start. It is argued sometimes that one's character are entirely distinct, that if one has something artistic to offer the public one's bad reputation for morals should not prevent the presentation. There is something in this. Some great books, some noble paintings, some elevating interpretations of the drama have been given to the world by persons whose private characters were deplorable, and the world has been the gainer.

But in the case in point and in others which are likely to come up in the campaign for the cleansing of the movies this argument does not apply at all. It was not her art of whose possession she never has given any indication, but her bad reputation which it was felt would make this young female a profit-bringing headliner. To have put her on the screen would have been merely to exploit her notoriety for loose living and surely that would have done the curious public no good. We hope the moving picture producers will continue to show an appreciation of their moral responsibilities.

## 20 YEARS AGO

(Issue of May 15, 1902.)

It is reported that George D. Smith and brother and the Salem Water company have met the demand of the teamsters and laborers for an increase in wages. A mass meeting of these workmen was held at Labor hall, last evening. Ten men working at Grandview cemetery quit last night and today but two men and no teams are at work there.

Ed. Moore, cupola tender at the Victor foundry, was painfully injured about the face yesterday afternoon while on duty.

Joseph Hawley has resigned his position as an electrician for the local power company. He is contemplating going to Stamford, Conn., to accept a place.

A heavy frost spread itself over this section last night and some per-

sons declare that fruit is injured beyond recovery, while others claim that as the weather was cold before the frost came, but little damage will result.

P. J. Brennan, owner of Salem Driving park, announces he has decided not to build a dancing pavilion at the park.

Relatives here have received a notice of the death of Robertson Burns, 80, at his home in Morrow county, this morning. His wife who died some time ago, was Miss Sara Ritchey, before their marriage.

Four trustees of Grandview cemetery went out there Wednesday afternoon and planted trees on their lots. A number of people are contemplating following the action of the trustees.

This sphere of ours is being greatly chastened by fire and flood during this second year of the new century.

Only three times in 15 years was the condition of winter wheat lower on May 1 than this year, and yet the indicated crop is not far from the average.

## Defies Old Age By Using Howard's Buttermilk Cream to Beautify Her Complexion.

Tells Druggists Not to Take Anyone's Money Unless This Delightful New Vanishing Cream Quickly Shows a Decided Improvement.

### BUTTERMILK

Cream creates beauty almost like magic. The wonderful thing about Howard's Buttermilk Cream is that it turns the dull, lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream. If you cannot obtain locally send 10 cents (silver or stamps) for generous trial package of both Cream and Soap. Howard Bros. Co., Buffalo, N. Y. All dealers.

## HAD TO LIVE ON TOAST AND MILK MOST OF TIME

Mrs. Nettie Phillips Says She Believes Tanlac Saved Her Life When It Rid Her Of Stomach Trouble.

"I am the happiest woman in town since my recovery. I believe Tanlac saved my life," said Mrs. Nettie Phillips, of Mogadore, near Akron, Ohio. "My stomach was so badly disordered for some years I had to live on toast and milk most of the time, because solid food caused me perfect agony. I had dizzy spells when black spots swam before my eyes and I dreaded medicine all the time but kept getting worse."

"A few bottles of Tanlac have made me so I can eat anything without indigestion. I have a healthy color, sleep well, am free from the dizzy spells and have gained several pounds. It is no more than right for me to recommend Tanlac."

Tanlac is sold by all good druggists. Sebring—Mayor Mushrush has fined George Schuster \$1,000 and costs for violating prohibition laws.

## \$8,000 Is Due Palestine For Liquor Fines

East Palestine, May 15.—Of the 27 liquor cases Mayor Albert W. Ferren has heard since he took office January last, eight were purely local and the balance came from East Liverpool.

"We have approximately \$8,000 due on fines on these cases, covered by 16 bonds which are due June 1."

Sitting at his desk in the rooms of the East Palestine Chamber of Commerce Mr. Ferren made this statement:

"I've already sent out notices that these bonds will be payable June 1," he continued, "as they run out that date. This business was all new to me. All the bonds are good except probably two of them. I have learned a whole lot since I have been in this office, and of course we expect to collect all bonds when they are due."

This is the first time Mr. Ferren has made public the amount of fines unpaid on liquor charges.

## HIGH SCHOOL TEACHER DROWNS IN OHIO RIVER WHEN CANOE CAPSIZES

East Liverpool, May 15. — Ralph Smith, aged 23, instructor in manual training in the East Liverpool High school, was drowned at 3 p. m. Sunday in the Ohio river when the canoe in which he was riding upset, throwing him into the water.

Smith had taken advantage of the pleasant weather to bring out his canoe for the first time in the season. He was accompanied by Robert Miller, chemist with the Knowles, Taylor & Knowles pottery, both of the young men leaving the Y. M. C. A. together, where they roomed.

Though the water was somewhat choppy, nothing happened until Smith beached the small craft on the West Virginia side, near the point known as Cup Rock. Here he asked Miller to step on shore that he might observe the effect of a new coat of paint Smith had placed on the canoe.

When his companion stepped on the bank, Smith turned the canoe and paddled about 20 yards out into the river. A rather brisk wind was blowing as he attempted to swing the craft back towards the shore, caus-

ing it to turn on its side and capsize. The young man's head reappeared at the surface a moment later, as told by Miller afterwards, and he immediately struck out for the bank as his companion called encouragement.

But before he had traversed a quarter of the distance Smith again sank beneath the water without a word, not rising again. Miller vainly tried to secure some means of reaching him, but to no avail. He then attracted the attention of a boatman, but no trace could be found.

Squads of volunteer workers, encouraged by the throngs composed mostly of High school students who had heard of the mishap, immediately began searching the river for the body. Three firemen from the Central station were dispatched with grappling hooks to assist in the work and later the body was recovered.

Smith came to East Liverpool five years ago from his home in Ashville, where he had previously taught in country school for about one year. For the first year of his residence here he was appointed manual training instructor in the Central building teaching the grade students. The following year he was advanced to instructing in the high school department. For the past two years he also has been doing part time instructing with the Ohio Valley Business college.

Men of the British navy must enlist for a period of 12 years.

## THREE WIVES, ONE MAN GET DIVORCE DECREES

Lisbon, May 15.—Mrs. Della Watson of East Liverpool, was divorced from Watson because of idleness and failure to provide. They were married in November 1919.

Everett P. Bailey presented his application to the court for a divorce from Helen Bailey and the same was granted him.

Mrs. Fanny McConnell of East Liverpool, was given a divorce from Harold McDonnell, gross neglect having been charged and proven by the wife. The couple were married in East Liverpool in November 1919, and have one child, the husband being ordered to pay her \$5 per week for its support. He was given the right by the court however, to visit the child or have it with him on Sundays until 4 o'clock in the evening.

Mrs. Sophia Manypenny of East Liverpool, was granted a divorce from Thomas Manypenny and the custody of the minor children was given to her. Manypenny was also ordered to pay her \$25 on the 15th of each month for the support of the children. The couple was married in East Liverpool July 7, 1899.

The cost of clothing a soldier in the United States army is \$180.

## Here's Good Advice: Relieve Your Fatigue With Sleep. Avoid Stimulants

THERE is nothing in the world so reconstructive as sound, refreshing sleep. During sleep the system rids itself of the fatigue poisons that have accumulated during the day. The food elements are taken up by the various tissues that require rebuilding nutriment.

It is important that you get plenty of health-bringing sleep. Anything that interferes with your sleep hampers and hinders you—mentally and physically.

A common cause of physical weakness and mental depression is the reaction following over-stimulation by the drug, caffeine, and

other elements found in both coffee and tea.

If you have an idea that coffee or tea drinking may be injurious to your health, why not stop it for a week or so, and drink delicious, fragrant Postum instead.

Postum is a rich, golden-brown, pure cereal beverage. It contains no harmful elements of any kind. You can drink Postum as many times a day as you or the children desire a grateful, refreshing beverage.

Your grocer sells both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for fully 20 minutes.

Made by Postum Cereal Co., Inc., Battle Creek, Mich.

## The Success of the "EASY"

The decided preference for the "EASY," which is constantly being displayed by housewives, is not mere chance or luck. It is due to the principle upon which it is constructed—air pressure and suction.

For the "EASY" VACUUM ELECTRIC WASHING MACHINE does the work of human hands, thoroughly and almost without effort.

The vacuum cups force the hot, soapy water by air pressure through the meshes of the garments and by suction draw it back again. Sixty times a minute this happens with the result that every particle of dirt is promptly and effectively removed. No rubbing, tearing or dragging, or heavy cylinder to lift.

The polished copper tank has a greater capacity than any other electric washing machine. It is placed at just the right height.

The "EASY" is made from best materials obtainable—solid copper, brass, aluminum and enameled steel.

The demand for "EASYS" has become so great that the manufacturers have been compelled to erect one of the largest washing machine factories in the world, with a capacity of 1000 "EASYS" per day.

Give the "EASY" a chance to talk to you in your own laundry without obligation.

You will be mighty glad you did.

## "Lawn Need a Hair Cut?"

Asks Padox

Goodness, how the grass has grown in the last few days.

Pretty soon you'll have to get out your old rusty mower and give the lawn a hair cut.

Or haven't you got an old rusty—old rusty would be a better name for many.

In either case, it's to your advantage to come in and look over our stock. You'll find plenty that will clip your lawn so that it will look like a carpet of rich velvet.

Then there are grass hooks, grass shears and turf edgers to trim up the raw edges and grass catchers to keep the lawn from looking like a barber shop floor after a Saturday of haircuts.

And probably you'll need to shampoo it often. That means a good lawn hose.

You'll find all these here.

Shur Gro will make the grass grow.

## People who live well take ice the year 'round

BY LIVING well we mean getting the full flavor and the full nutriment out of food which we eat. That need not mean expensive materials; but it does mean fresh food well cooked. It must be kept fresh. Just as soon as food becomes stale—that is, infected by bacteria—it loses that appetizing flavor which makes eating a pleasure and that wholesome quality which nourishes.
